ACRYLIC PAINTS

- Waterbased acrylic paint
- The paint is prepared for application with a brush from a bottle, for an airbrush dilut with water or acrylic thinner 40 - 60%
- ICM paints has a high coverage. All colors can be mixed with each other to achieve the most accurate shade.
- 77 colors in range + 3 varnishes (gloss, matt, satin) in 12 ml bottles: including 6 clear colors, 10 basic colors, 11 metallic.
- The colors are permanent and waterproof, odorless.
- Resistant to oils, enamels, washes, solvents or any potentially aggressive technique.

- ICM paints have a matt surface after drying. To give a glossy or satin texture, an appropriate varnish must be used.
- For best results, the surface should be pre-coated with a primer, on which the paint is then applied.
- To facilitate the creation of various effects and color modulation, our primers are available in 6 di-terent colors, most commonly used in modeling.
- When using an airbrush, the paint should be thinned with ICM thinner 40-60%.
- The acrylic thinner is odorless and can be used to clean the airbrush.
